

LIVE LIKE A HUMAN BEING! IT'S YOUR RIGHT.

BY UNDIMSIA!

You have the right to live in a home that is good for your health, well-being and safety.

WHAT MAKES A GOOD HOME?

MUST BE AT A GOOD LOCATION

Your home should not be built on or near polluted sites. Jobs, schools and healthcare should be within reach.

MUST BE AFFORDABLE

You should be able to afford your home without having to go hungry or sacrifice your healthcare or education.

MUST BE PEACEFUL

Your home should not be threatened by crime or any other dangers.

MUST BE SAFE

You should not be thrown out of your home, harassed or threatened while living in your home.

MUST BE FIT TO LIVE IN

Your home should have enough space to live in. It should protect you from the sun, rain and flooding.

MUST HAVE NECESSARY FACILITIES

Your home should have clean water for drinking, energy for cooking, lighting and a system for sanitation and waste disposal.

MACAM MANA NI?

- What if the government provided more public housing?
- What if more jobs were created throughout the country and not mainly in the cities only?
- What if the public transportation system were more accessible and reliable?
- What if we had more public spaces where families and communities could gather?
- Will minimum wages allow you to live in a decent house?
- Do we all enjoy the same legal protection of where we live?
